The 13th Annual Scientific Symposium will feature exciting, inter-related presentations from promising early-mid career scientists, and two keynote presentations from Dr. James DeGregori and Dr. Vera Gorbunova. The event is free and will take place in-person at Fox Chase Cancer Center and on Zoom, but advanced registration is required.

Visit FoxChase.org/ScientificSymposium2023 to register by October 13.

James DeGregori, PhD  
University of Colorado School of Medicine  
“Somatic Evolution and Aging: Causes and Consequences.”

Vera Gorbunova, PhD  
University of Rochester  
“Mechanisms of Longevity and Cancer Resistance”

Mitchell Fane, PhD  
Fox Chase Cancer Center  
“Age Induced Changes in Immune Subpopulations Promote Reactivation from Metastatic Melanoma Dormancy”

Michele M. Shirasu-Hiza, PhD  
Columbia University  
“TBD”

Emily Goldberg, PhD  
University of California, San Francisco  
“Discovering a Novel Mechanism of Protein Acylation”

Amy Wagers, PhD  
Harvard Stem Cell Institute  
“Aging and Cancer in Head and Neck Tissues”

Ana Gomes, PhD  
Moffitt Cancer Center  
“Metabolic Reprogramming: A Bridge between Aging and Cancer”

Ashley Webb, PhD, BSc  
Brown University  
“Transcriptional and Epigenetic Mechanisms of Brain Aging”
