In order to view other full profiles and send secure messages/faxes, you *must* verify your account. Submit the requested information and you are finished!

following methods to get verified and we'll update your status within 2 busines	ss days.
Email	License/ID
Email us from a medical email address (e.g. you@ucsf.edu).	Upload a photo of your professional license or medical ID. Choose File No file chosen
We can't verify an email that is not healthcare specific (e.g. you@gmail.com).	Have the photo on your phone? Send it to support@doximity.com.
Fax Fax a copy of your professional license to () (650) 403-1817	

There are two views to your Doximity profile; members and non-members.

A verified Doximity member can view your profile whereas a non-member will be heavily filtered and prompted to log-in.

The image to the left shows how a non-member views your profile.

Things to keep in mind when setting up your Doximity profile:

- Your profile is viewable to non-members; it's recommended that you do not provide any personal phone numbers or address
- Make sure your clinical and academic titles are up-to-date
- When uploading a headshot, it's recommended that you use a professional headshot

Once logged into your account, you will see your Doximity dashboard.

In the top right of the screen, you will see a small circle with your image.

Hover over that image and select profile.

Click on Edit Your Profile to change information within your profile.

You will now be able to change any and all of the information within your profile.

- Name Education / Training
- Awards • Title
- Office information
- Work history

- Certifications
- ...and more
