

25TH ANNUAL FOX CHASE CANCER CENTER TRAINEE RESEARCH DAY

On Tuesday, October 13, Fox Chase Cancer Center will proudly host Research Day, an annual all-day scientific event designed to foster a sense of community and collaboration between the Institution's five research programs and seven clinical departments. This year's event will be held at The Knowlton Mansion in Northeast Philadelphia, and attracts nearly 150 research and clinical professionals from Fox Chase Cancer Center and throughout the region.

The postdoc-led organizing committee of this event has combined cutting-edge keynote addresses and student presentations with allocated time for networking, vendor exhibits, and career advancement opportunities. Support from our donors and friends in the community allows us the opportunity to host events like Research Day, and we hope you will consider supporting this event through one of the numerous exhibition opportunities on the following page.

KEYNOTE SPEAKERS

Cancer Metabolic Ecosystems

- Short video advertisement between sessions
- 1 complimentary registration

\$500

Supporter

- Company logo in email invitation (subject to timing)
- Company logo promotion in exhibit hall

Temple Health refers to the health, education and research activities carried out by the affiliates of Temple University Health System (TUHS) and by the Lewis Katz School of Medicine at Temple University. TUHS neither provides nor controls the provision of health care. All health care is provided by its member organizations or independent health care providers affiliated with TUHS member organizations. Each TUHS member organization is owned and operated pursuant to its governing documents.

Non-discrimination notice:

It is the policy of Fox Chase Cancer Center, that there shall be no exclusion from, or participation in, and no one denied the benefits of, the delivery of quality medical care on the basis of race, ethnicity, religion, sexual orientation, gender, gender identity/expression, disability, age, ancestry, color, national origin, physical ability, level of education, or source of payment.
